

Ben Slenker

FULL-STACK DEVELOPER

913-710-1925

bslenker@gmail.com
[linkedin.com/in/bslenker](https://www.linkedin.com/in/bslenker)
www.benslenker.com

Qualifications

- Solid foundational knowledge of designing and developing full-stack web applications using .NET framework.
- Active Secret security clearance.
- Highly motivated professional with great critical thinking and teamwork skills gained from experience working in high-stress environments.

Technical Skills

Front End: HTML5, JavaScript, jQuery, jQueryUI, CSS3, Responsive/Mobile Web Development, Bootstrap, ReactJS

Middle Tier: Visual Studio, C#.NET, ASP.NET, LINQ, MVC, EF

Back End: ADO.NET, SQL, SQL Server, SSMSE

Independent Development Projects

- **Personal Site:** www.benslenker.com
- **StoreFront:** Created a secure application for managing product data. Application is built to simulate an online store front with a shopping cart. Administrators have the ability to manage product, category and vendor data.
- **S.A.T. Scheduling Administration Tool:** Created a secure application for managing product data. Application is built to simulate an online class scheduling system. Administrators will have the ability to manage students, courses, scheduled classes, and enrollments.
- **Final Project:** Created a secure data-driven ASP.NET MVC application from design through deployment for managing the tracking and organization of hardware and software within a company. Administrators have the ability to manage employee, department data and all details relating to assigned hardware and software.
